## **KIDS DEFY GRAVITY TO SOAR AT OCEANFRONT**

### **iFLY VA Beach Event Raises Nearly \$2,200 for St. Mary's Home**

NORFOLK, Va. (June 29, 2015) — Half a dozen children and young adults with disabilities conquered the impossible and got out of their wheelchairs to fly during a special event at iFLY Va Beach's indoor skydiving facility that raised nearly \$2,200 to support more fun activities like this for residents of St. Mary's Home.

Representatives of iFLY Va Beach recently visited St. Mary's in Norfolk to present a donation to Koko, who flew during the May 30 "Soar with St. Mary's" event, and friends. Then Koko presented iFLY with a piece of artwork painted by another resident, Jorge, who also had fun flying in iFLY's vertical wind tunnel at the Virginia Beach Oceanfront.

"Out of all the special events iFLY Va Beach has done since opening in January, this has easily been the most rewarding — not just for myself, but for our staff," said iFLY Va Beach CEO Bob Pizzini.

St. Mary's Home worked with iFLY Va Beach to set aside time during the event for six children and young adults to fly, along with family, friends and staff of the Home. iFLY's donation of more than \$1,700 represented revenue raised in addition to the registration fees paid to St. Mary's.

St. Mary's CEO William C. Giermak said, "It's one of the most rewarding and fun events our children have been involved with. We look forward to a long-term relationship and hope our children can make iFLY a regular stop as they go out and about in the community."

“Soar with St. Mary’s” was the first in a series of three fundraising events this year for St. Mary’s. For more information, visit [saintmaryshome.org/news/events](http://saintmaryshome.org/news/events).

**About St. Mary’s Home:** [St. Mary’s Home](#) in Norfolk provides around-the-clock, specialized residential care for about 100 Virginia children and young adults with multiple, severe disabilities. With the opening of The Albergo House at St. Mary’s in 2013 to provide care for adults 22 and over, St. Mary’s Home has shortened its name from St. Mary’s Home for Disabled Children.

**About iFLY Va Beach:** [iFLY Va Beach](#) is an indoor skydiving experience that creates free-fall conditions, just like skydiving, without having to jump out of an airplane. iFLY Va Beach features a vertical wind tunnel that generates 1,400 horse power from four powerful fans, creating a wall-to-wall cushion of air.
